

RHA Best Practices- Advice & Ideas from Fellow Instructors

Jeff Dubé & RHA Partners

ADOPT AN ACADEMY

Engagement Beyond the Classroom

Get Involved With Local Red Hatters

Program whereby Red Hat Associates can engage with our Red Hat Academy Partners on leveraging their industry experience and technical expertise to ultimately better enable instructors and students across academic institutions in their communities.

Program Goals

- Bring content to life in the eyes of the students and mentor students for transition to industry
- Leverage technical expertise and industry experience of Red Hat Associates
- Offer additional motivation and guidance to students and instructors

RED HAT ASSOCIATES ON YOUR CAMPUS

JOIN AN ADVISORY BOARD

Institutions strive to keep their curriculum relevant. Become the voice of Red Hat, encouraging schools to introduce new technologies into their academic programs.

LUNCH & LEARN

Teach students how to apply their existing knowledge to other Red Hat Technologies, such as Red Hat OpenShift, all while enjoying a collaborative lunch.

STUDENT MENTORSHIP

Utilize your connection and experience within industry to work 1 on 1 with students to help develop their technical and interpersonal skills to fulfill their desired profession.

GUEST LECTURES

Drive excitement around Red Hat by sharing real-world experiences of working at Red Hat and insights into the industry application of Red Hat Technologies for future careers

TECHNICAL WORKSHOPS

Introduce Emerging Technology concepts to students in a fun & exciting way beyond the classroom through workshops led by Red Hat Associates

ON CAMPUS EVENTS

Drive student interest and excitement in Red Hat technologies by sharing your experiences through an on-campus event or career fair.

Benefits of Adopt an Academy
